1. What is your connection or interest in this case? For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a Dominion Energy customer in Charleston, SC.

2. Please give a concise statement of your protest. (This section must be completed. Attach additional information if necessary.)

In July, 2019, we installed solar panels on our home at a cost of \$18,000. We made this investment based on Dominion's rates, with a belief that it's good for everyone on the planet if we use fewer fossil fuels. We expected there may be *better* incentives for solar in the future, not that the incentives would get worse.

Dominion has a monopoly. We don't have a choice of electricity providers. We expect our government to protect consumers and to provide appropriate incentives for the people of SC to install and use renewable sources of energy.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony?*

Yes
